It's where you can access the latest insights on the cutting-edge innovations and specialized skills required to service the rapidly expanding and evolving market of electric, hybrid, and other alternative fuel vehicles. In addition to the 30-minute exhibitor sessions on products and solutions for the emerging EV market, join us for a one-hour panel discussion on EV adoption trends and how parts manufacturers are evolving their strategies in response.

Time Is Ticking — Book Your Stay

Nearly 162,000 people will be in Las Vegas during the automotive aftermarket industry week. That means the best hotels and rates are going fast! Book your stay through onPeak,* the official housing partner of AAPEX, to enjoy discounted rates and lock in a room at a location near the event venue.

*onPeak is the only official housing partner of AAPEX. No other hotel reseller is endorsed by or affiliated with AAPEX, so although others may offer housing for AAPEX, entering into financial agreements with such companies can have costly consequences.
