

FOR IMMEDIATE RELEASE

REESE® Announces New 22.5K Goose Box™ at AAPEX 2024

The next evolution in fifth wheel towing.

Las Vegas, [November 5, 2024] – REESE, a leader in towing solutions, proudly introduces its latest innovation at AAPEX 2024: the REESE 22.5K Goose Box™. Designed to deliver a worry-free towing experience with maximized strength and capacity, the REESE 22.5K Goose Box™ is a perfect solution for triple axel trailers and heavier loads. Its unique design reduces stress between the truck and RV for smoother and more comfortable towing.

It's clean bed design allows drivers to have more space in their truck bed for towing and hauling, providing a convenient and seamless towing experience for all types of drivers. The REESE 22.5K Goose Box™ is the only product of its type that does not void the warranty on Lippert frames.

REESE 22.5K Goose Box™ Features:

- Maximized 22,500 lb capacity with a 4,500 lb pin weight.
- Air-ride technology, multi-directional shock absorption, and rubber bumpers provide superior ride comfort.
- Easy-to-reach lanyard for trouble-free hitching and uncoupling.
- Lockable BULLDOG coupler for added security automatically locks when coupling.
- Improved air system with overfill relief valve for worry-free use.

For more information about the REESE 22.5K Goose Box™, visit AAPEX Booth #A3638.
